

My husband and I have been in broadcasting for 30 years and All we have encountered is Clear Channel, Entercom & Infinity buying up EVERY station. They are not content to own two stations--they have to own five or more and sign SMA(LMA's) and right to ownership on any existing stations in the area. They find ways to skirt the laws in every circumstance. Take for instance Bozeman(6), Billings and Missoula, MT; New Northwest- Astoria,OR with 6. The most detrimental part is that they cannot possibly serve the communities.
